

PLAY GRADE PINE BARK

BURY HILL
LANDSCAPE SUPPLIES

This superb Premium quality 15-35mm Play Grade Pine Bark is our best-selling play material and fully certified to BS EN 1177:2008 for play area use. Selected from 100% natural British pine barks, the rigorous manufacturing process removes 90% of all white wood and fine bark particles, which increases drainage whilst extending the materials longevity.

Easy to install and maintain, this decorative pine bark provides a safe and long lasting protective medium when applied to BSEN recommended safety depths (see safety advise below) assuring a safe, soft landing should mishaps occur! An attractive reddish-brown colour, this versatile premium grade Play Grade Pine Bark is also ideal for a wide range of landscaping applications, suppressing weeds and aiding water retention when used as a decorative ornamental mulch on beds and borders.

This material is used widely in the UK by local authorities, schools and sports UK.
